STAINLESS STEEL SINKS

With its revolutionary resin matrix rim, our Karran Edge sinks are the only stainless steel sinks that can be seamlessly integrated in laminate and solid surface countertops. Crafted from 18 gauge, Type 304 stainless steel, all Edge sinks are finished in a brushed satin finish for the ultimate in durability. Whether you prefer the more traditional styling of the 100 and 200 Series or the dramatic commercial look of the 500 Series, our Edge sinks will provide you with perfect seamless integration. No rim, no overhangs, no reveals, just seamless, bacteria free harmony between sink and countertop.
